## Carol's Ferals Equipment Lease Agreement

This lease agreement is made on \_\_\_\_\_, 20\_\_ between Carol's Ferals ("Lessor"), a Domestic Nonprofit Corporation located at 4600 Knapp NE, Grand Rapids, MI 49525 and the individual(s) below ("Lessee"):

Name: \_\_\_\_\_  
Address: \_\_\_\_\_  
City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_  
Cell Phone: \_\_\_\_\_ Other Phone: \_\_\_\_\_  
Email: \_\_\_\_\_  
Approximate Number of Cats to Spay/Neuter: \_\_\_\_\_ COUNTY \_\_\_\_\_  
Drivers License number: \_\_\_\_\_ Due Date: \_\_\_\_\_

### RECITAL

The purpose of this agreement is to provide for the lease of certain equipment, including traps, cages, and carriers for the purpose of trapping feral cats.

### AGREEMENT

In consideration of the mutual acts and promises, the parties agree as follows:

1. Lease. Lessor leases to Lessee, and Lessee leases from Lessor, traps, cages, and/or carriers ("Equipment") owned by Lessor.
2. Term. The term of this lease depends upon the type of equipment leased. Equipment is due back according to the following schedule: traps – 2 weeks, carriers – 1 week, cages – 4 weeks.
3. Rental. The equipment you are borrowing from Lessor is the life blood of Trap, Neuter & Return (TNR). As this is a nonprofit endeavor, Lessor does not charge a rental fee. Unfortunately, keeping equipment beyond the due date impedes others from trapping cats. Each trap costs Lessor \$45 - \$75, and for every week a cat is not captured with that trap, two other cats are unable to be trapped, neutered, and returned.
4. Security Deposit. Lessor has waived the security deposit. Lessee shall return the equipment in the condition it was in when picked up, ordinary wear and tear excepted.
5. Insurance. Lessee agrees to procure and pay the premium for his/her own liability insurance, covering both damage to persons and property incurred during the use of the Equipment, with an insurance company satisfactory to Lessor. The insurance policy shall cover liability for any loss, damage, injury, or other casualty to persons or property caused or occasioned by or arising from any use of the Equipment by or negligence of Lessee or any of Lessee's agents, servants, visitors, licensees, or employees during the lease term.
6. Responsibility for Care, Use, and Maintenance of Equipment.
  - (a) Lessee shall maintain the Equipment in good condition and repair.
  - (b) Lessee agrees that the Equipment will be operated by competent individuals and will be used solely in the conduct of trapping feral cats in the manner suggested by Lessor.
  - (c) Lessee agrees not to use the Equipment to trap/euthanize or relocate animals without first having them spayed/neutered by Lessor. Any manner of re-homing a cat should be consulted with by Lessor to ensure proper relocation.
  - (d) In the event of any loss, theft, or destruction of all or any part of the Equipment, or damage of it beyond repair, Lessee shall notify Lessor promptly and hold the Equipment or any wreckage available for disposal.
  - (e) Lessee agrees not to permit others to use the Equipment, for hire or otherwise, without first obtaining the written consent of Lessor.
  - (f) Lessee shall return Equipment within the agreed upon term during Lessor's hours of 6:00 pm – 7:30 pm Sunday through Wednesday, or by special arrangement.
  - (g) Lessee shall return all Equipment free of dirt and debris. Lessor shall sanitize according to Lessor's standards upon return.
  - (h) Failure to return Equipment constitutes theft, and Lessor shall use any and all available legal remedies to

### EQUIPMENT RENTAL AGREEMENT

This Equipment Rental (this "Rental") is made effective as of June 15 1996, between International Industrial Incorporated through its wholly owned subsidiary and incorporated (the "Company"), and incorporated in, David Taylor Research Center, Annapolis, Maryland 21402, and \_\_\_\_\_ (the "Customer"), and states the agreement of the parties as follows:

**RENTAL EQUIPMENT SUBJECT TO THIS CONTRACT.** The Company shall rent the equipment listed on the attached Exhibit "A".

**PAYMENT TERMS.** The rental payments shall be due whether or not the Customer has received notice of a payment.

The payment terms of the rental are defined in EXHIBIT B.

**SERVICE CHARGE.** If any Rental installment is not paid within 2 days after the due date, the Customer shall pay to the Company a surcharge charge of 1% of amount overdue per day. At this time the Rental will cease and the equipment shall be returned immediately to the Renter.

**NON-SUFFICIENT FUNDS.** The Customer shall be charged \$25.00 for each check that is returned to the Company for lack of sufficient funds.

**SECURITY DEPOSIT.** The Customer shall pay a security deposit of 10% of the estimated value of the rental at the time the Rental is signed. This deposit will be returned to the Customer at the termination of this Rental, subject to the option of the Company to apply a against Rental charges and damages. Any amount refundable to the Customer shall be paid at the time the Rental is terminated. The security deposit shall not bear interest.

**RISK OF LOSS OR DAMAGE.** The Customer assumes all risk of loss or damage to the equipment from any cause, and agrees to return it to the Company in the condition received from the Company, with the exception of normal wear and tear. The Company or their appointed agent will determine normal wear and tear. All determinations made by the Company are final.

**INSURANCE AND INSURANCE CERTIFICATE.** The Customer shall insure the equipment for its full replacement value as stated in Appendix A under an ALL RISKS POLICY. A copy of the insurance certificate shall be provided to the Company prior to the commencement of the Rental. The sole beneficiary of the insurance will be stated on the certificate as International Industrial Incorporated d/b/a David Taylor Research Center, Annapolis, Maryland 21402. Failure of the insurance company to honor a claim in no way changes the obligation of the Customer to compensate the Company for the full replacement value of the equipment. The minimum paid up

**RENTAL EQUIPMENT SUBJECT TO THIS CONTRACT.** The Company shall rent the equipment listed on the attached Exhibit "A".

**PAYMENT TERMS.** The rental payments shall be due whether or not the Customer has received notice of a

### WEEK-TO-WEEK RENTAL AGREEMENT

This agreement, entered into on this \_\_\_\_ (date) \_\_\_\_, by and between

\_\_\_\_\_  
(hereinafter referred to as Landlord)

and

\_\_\_\_\_  
(hereinafter referred to as Tenant)

#### WITNESSETH:

That for and in consideration of the payment of the rents and the performance of the covenants contained on the part of the Tenant, said Landlord does hereby demise and let unto the Tenant, and Tenant hires from Landlord for use as a residence those certain premises described as:

located at:

\_\_\_\_\_ for a tenancy from week-to-week commencing on \_\_\_\_ (date), and ending on \_\_\_\_ (date),

at a rental of \$ \_\_\_\_\_ per week, for a total rental of \$ \_\_\_\_\_, payable in advance on

the first day of occupancy. It is further mutually agreed between the parties as follows:

1. Tenant shall not violate any city ordinance or state law in or about the premises.
2. Tenant shall not sub-let the premises, or any part thereof, or assign this agreement without the written consent of the Landlord.
3. Tenant must not make any alterations or improvements to said premises, without written consent of Landlord.
4. Landlord shall provide Tenant with the following:  
Cooking utensils and kitchen equipment are (not) furnished.  
Linens and bedding are, are (not), furnished.

## Equipment Rental Agreement

This Equipment Rental Agreement is entered into on \_\_\_\_\_, by and between \_\_\_\_\_ ("Lessee"), who will take possession of the equipment, and \_\_\_\_\_ ("Lessor"), the owner of the Equipment, who agree to the following Project as follows:

### 1. Agreement

Lessee and Lessor wish to enter the following Agreement, whereby Lessor shall furnish Equipment for the construction of \_\_\_\_\_ located at \_\_\_\_\_ ("Project").

Property Owner Name and Address: \_\_\_\_\_

General Contractor Name and Address: \_\_\_\_\_

### 2. Equipment

Item	Serial No.	Description
i.	_____	_____
ii.	_____	_____
iii.	_____	_____

The value of the Equipment is as follows:

Item	Value
i.	\$ _____
ii.	\$ _____
iii.	\$ _____

### 3. Term

This Agreement commences on the date this document was signed and will continue until \_\_\_\_\_, Equipment will be returned to Lessor on \_\_\_\_\_.

Leaseset 2020

How to write a lease rental agreement. How to write a contract for rental property. How to write an equipment rental agreement.

Updated July 28, 2022An equipment lease agreement is between a lessor, the owner of the equipment, and a lessee who agrees to pay rent for the equipment to use for a specified time period. An equipment lease can be structured with a start and end date or on a month-to-month basis. Depending on the agreement, the lessee may be able to make modifications or adjustments to the equipment as long as it does not affect its value. Types of Equipment (11) Appliances; Electronics; Event/Party furniture; DJ equipment; Furniture; Gym equipment; Heavy machinery; Medical equipment; Power tools; Vehicles; and Any other personal property. Sample Download: Adobe PDF, MS Word, OpenDocument What to Include (10) Lessor's (owner) name; Lessee's (renter's) name; Description of equipment; Lease term; Rent amount (\$) Security deposit; Late charges; Delivery responsibility; Repairs and maintenance; and Insurance requirements (if any). How to Write Download: Adobe PDF, MS Word, OpenDocument Equipment Rental Agreement I. The Parties (1) Rental Agreement Date. The form date that should be associated with this agreement in the future must be established in this first article. (2) Equipment Lessor. The Party (or Business Entity) with the legal right to rent out the equipment must be identified by name and must have his or her business mailing address documented. In most cases, this will be the Owner of the equipment being leased. (3) Lessee. The Client who will live up to the obligations of this agreement in exchange for the use and (temporary) possession of the leased equipment is a necessary report for this document's introduction. Make sure to attach the Lessee's official billing or mailing address to his or her identity as well. II. Equipment Description (4) Equipment Being Leased. The equipment at the center of this agreement will need to be well-defined. In many cases, a product name and serial number will suffice however some types of equipment such as trailers or mechanized farm equipment may have additional information such as the color, make, and model. In addition to this basic description, any identifying alterations, improvements, or marks that can be used to define the equipment being leased should be included. III. Lease Type Select Only Item (5) or Item (6) (5) Fixed Lease. The period of time when the Lessee shall have possession of the leased equipment should be established in this agreement before the equipment is released. The first option will seek a predetermined start date and termination (or ending) date for the time when the Lessee shall have possession of the concerned equipment. This fixed-term for the lease will need some additional definition by selecting one of two supporting statements to indicate the results of the lease termination. Present this result by selecting the first option if the Lessee may continue to have possession of the leased equipment under the same terms of this lease on a monthly basis or the second option if the Lessee must return the equipment to the Lessor upon the termination date of the fixed term. It should be mentioned that a fixed term may be for any length of time that is appropriate (for instance, one day, one week, six months, etc.). (6) Month-To-Month Lease. The term or period of the equipment rental can be set on a monthly basis. Generally, rental terms expected to terminate within a year of the start date will be on a month-to-month basis however, some may continue for a much longer time. If this lease type is selected it must be assigned a start date when the Lessee will first take possession of the equipment and have a predetermined number of days' notice of termination established. Such a lease can be terminated at any time so long as the number of day's notice before termination is given from the Terminating Party. Either the Lessor or the Lessee may terminate the equipment rental under these circumstances while this lease is in effect. IV. Rent (7) Payment Amount. The payment the Equipment Lessor expects from the Lessee on each due date must be defined as a dollar amount. (8) Payment Frequency. Indicate how often the equipment rent amount must be paid by selecting the most appropriate checkbox item from the list provided. In this way, a one-time payment of the above amount can be called for or a payment every month, week, or day can be required of the Lessee. If the Lessor seeks a different period defining when payment is due (i.e. bi-weekly or once every two weeks), then the final option should be selected since this will allow such a free-form definition to be recorded. V. Rent Instructions (9) Approved Payment Method. The manner in which the Equipment Lessor wishes to be paid should be recorded in this agreement. Commonly, equipment rentals can be paid for using credit, money transfers, checks, or even cash. This is largely up to the Equipment Lessor and his or her Client (the Lessee) but must be documented before this paperwork is signed so that it can be applied to the agreement being developed. VI. Late Charges (10) Penalty For Late Payments. Many Lessors will seek to impose a penalty amount when the Lessee does not pay the equipment rental amount on time. If this will be the case, then the number of days after a missed payment's due date should be set as a grace period made given to the Lessee. It will be expected that the first day the penalty is applied to the Equipment Lessee's account will be the final day of the grace period. Additionally, a record of the exact penalty amount should be solidified in the statement being made. Once done, this statement shall declare that upon a certain number of days after the missed payment date, the penalty amount will be added to the Lessee's bill. (11) Applying Late Payment Penalty. The way in which the penalty is added should also be discussed. Select the appropriate checkbox to indicate when the penalty will be added and how often. In this way, a one-time penalty amount can be applied when the Equipment Lessee does not pay within the grace period defined above, can be charged for every one day past the due date that the equipment rental amount is unpaid, or charged in some other way. If the "Other" checkbox is selected, you must supply the space provided with the frequency of the penalty adjustment to the Lessee's bill. VII. Non-Sufficient Funds (12) Returned Checks. If the Lessor has indicated that a check can be submitted for payment then, it would be wise to account for a possibility of a check being returned for insufficient funds. This can result in additional banking charges and many Equipment Lessors will require that the Lessee honor the obligation of paying such charges. A penalty charge for each check (even online) that is returned for lack of funds should be documented in the seventh article as a precaution to protect the Lessor. VIII. Security Deposit (13) Security Requirement Status. Lessors of equipment will be interested in safeguarding the quality of the leased equipment. To this end, a deposit amount can be collected from the Lessee and held to cover any damages or default that fall under the responsibility of the Lessee. If this is the case, then select the appropriate checkbox statement and record the exact equipment security deposit amount the Lessee must release to the Lessor to enter this lease. However, if an equipment security deposit is not required, this will be equally as important to establish. Select the statement that best defines the security deposit requirements the Lessor places for this agreement. IX. Delivery Of Equipment (14) Transportation Obligation. Sometimes, the equipment being leased may be costly or time-consuming to transport from its current location to one where the Lessee requires. This agreement can be set to place the responsibility of transporting the equipment to and from the Lessee on the Lessor, on the Lessee, or both ("Shared"). X. Option To Purchase (15) Purchase Opportunity. Indicate if the option to buy the equipment will be available to the Lessee or if this option will not be applied by selecting one of the statements in the tenth article. Keep in mind, that if the option to buy the equipment from the Lessor will be given to the Lessee, then the dollar amount that will be required for purchase (i.e. the equipment's selling price) should be entered where requested. XI. Repairs And Maintenance (16) Standard Repair Obligation. In general, most pieces of equipment will require some standard maintenance and even repairs. The Party responsible for the payment of normal maintenance costs should be defined by selecting the "Lessor," "Lessee," or "Shared" checkbox. It should be noted that a standard repair is the result of wear and tear such as tune-up for a motorized lawnmower does not include Lessee-caused damages such as bending the axle on a motorized lawnmower by accident or by because the Lessee operated the equipment in a reckless manner. XII. Insurance Requirement Select And Complete Either Item 17 Or Item 19 (17) Insurance Coverage Status. Some equipment can cause damages to property or people that will result in liability payments that must be paid by either the Operator (Lessee) or the Owner (Lessor). Thus, select the first checkbox if the Lessee must carry insurance. Then continue to indicate the type of insurance the Lessee should have. By selecting one (or more) of the follow-up statements the Lessee can be given the responsibility to maintain a Disability Insurance Policy on the equipment to cover a liability policy in the amount you define, "Casualty Insurance" for a minimum coverage amount that is recorded directly in the statement placing this requirement, and/or can be required to carry the type of insurance policy that is documented after the word "Other" for the minimum amount you define. (18) Waiving Lessee Insurance Requirement. Select the "Not" statement in the twelfth article if the Lessee will not be obligated to carry any kind of insurance policy on the equipment being leased. XXI. Governing Law (19) State Jurisdiction. The state where the equipment is owned is often the jurisdiction that will control the contents of this document and determine its legal status should be documented. XXIII Additional Terms & Conditions (20) Required Provisions. There may be additional agreements made between the Lessor and Lessee that both wish included and covered by this contract. Any such amenity, obligation, or term that should be part of this contract but left unmentioned should be documented directly to its content to be applied. A distinct area in Article XXIII has been set aside where all such additions to this agreement can be documented. XXIV. Execution (21) Lessor's Signature. This agreement will only be effective when the Equipment Lessor and Lessee sign it. The first signature area provided is reserved for the Equipment Lessor. He or she should provide a binding signature (of his or her own name) as the Lessor where requested. If this is a Business Entity, then an elected Representative of this Entity may sign this agreement on the Entity's behalf. (22) Lessor's Signature Date. The calendar date when the Equipment Lessor signed his or her name should be produced. (23) Printed Name Of Lessor. (24) Lessee's Signature. If the Lessee has reviewed the completed agreement and intends to enter it, then he or she must sign this document and satisfy the remainder of the signature area provided with the requested presentations. (25) Signature Date Of Lessee. (26) Lessee's Printed Name. Video

Equipment Deposits - Financial deposits are needed in correspondence for use or equipment rental. Hence, equipment deposits are subject for refund upon termination of use and rent. Deposit agreements could also be further elaborated on contract agreement templates which suggest the correct format and outline of a typical deposit agreement. 27.10.2020 - Types of equipment rental agreements . In general, there are two different types of rental agreements, and they tailor toward different outcomes: In a standard lease agreement, the lessee returns the equipment at the end of the terms. In a lease-to-own agreement, the lessee potentially has the option to purchase the equipment at the end of the contract period. Rented unit. Lessor hereby grants Lessee use of the following storage unit, pursuant to the terms of this storage rental agreement: Facility Name: [Facility.Name] Facility Address: [Facility.Street][Facility.City], [Facility.State][Facility.Country] Unit Number: [Unit.Number] Unit Description: [Unit.Description] Terms and conditions For those who are planning to create an equipment rental contract, you can download these equipment lease agreements. 100% Free and easy to use!
